The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Pollack, Gratz and Gibbs references pertain to marine based liquid transfer systems with associated mooring.

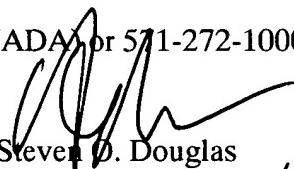

The following is an examiner's statement of reasons for allowance: none of the prior art of record, alone or in combination, teach Applicant's invention of an offshore installation for transferring liquefied gas comprising a first and second tanks that are not submerged and are connected by substantially vertical flexible sections and a main section, wherein the main section and vertical sections are defined by an internal transport hose and an external jacket or annular space connected to a filling device for inert gas, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
